

A scatter plot showing the relationship between 'weat_es' (x-axis) and 'weat_es' (y-axis). The x-axis ranges from -2.0 to 2.0, and the y-axis ranges from -2.0 to 2.0. The data points are blue dots. A vertical blue line is drawn at x = 1.25, extending from y = -1.25 to y = 1.25. The data points are scattered across the plot, with a higher density of points in the upper right quadrant.
